

# Let's Talk Motion Sensing

M1 Sensor | Secure camera-less areas with fast and accurate detection

Obtain real-time motion and occupancy data across all locations

Protect privacy and detect motion in areas where cameras are not needed or allowed

Receive alerts when motion is detected without having to rely on video footage

Easily manage motion sensors across locations from the Rhombus Console or Mobile App

## About the M1

The M1 Sensor delivers motion-sensing capabilities to provide real-time occupancy data and alerts for detected motion.

The M1 can be installed anywhere, especially in areas where cameras are not needed or permitted, to ensure privacy and enable users to monitor movement across locations smoothly and efficiently.

## M1 Sensor Specs

**Dimensions:** 59mm (2.3in) x 54mm (2.1in) x 24mm (0.94in)

**Range:** Up to 100m (300ft)

**Battery:** 1x CR123, replaceable

**Battery Life:** 2 years

**Motion Capabilities:** Passive infrared and light-level detection

**Sensor Coverage:** 5m (15ft) with 90° FoV (covers up to 200 sq. ft. in ideal conditions)

**Mounting:** Two-sided tape or screws (optional)

**Outdoor Use:** Use in a covered location; resistant to brief incidental splashes
